

If You Could See

Lucy Kaplansky

I have words in me that I need to tell you,
There are times in my life, when I know what I want,
I walked away once before, I won't walk away again,
There are promises you keep because you mean them.

I'm a world away from you tonight, but I feel you all around me
,
You'd find the colors of the world in you,
If you could see what I can see, if you could see what I can see.

I know it's hard to believe in what you see,
When no one else seems to see it at all,
But when I look at you I see all this light that comes to me,
Just wait, it will all come back to you.
