

Be Alright

Lucy Rose

It's taken me a while to tell you
Exactly how I feel inside
The words, they seem so simple right now
But they took a while to find

And is this what you call love, love, love?
This is what I'm thinking of

Because I knew
That you would be alright
And in my heart you would stay a while with me
And we danced until the morning light
And you said to me, you said we'll be alright
And we'll be alright
Yeah, we'll be alright

Please don't tell me you have moved on
Just give me one chance to explain
My feelings are still here and growin'
They're new to me and I'm still learnin'

And is this what you call love, love, love?
This is what I'm thinking of

Because I knew
That you would be alright
And in my heart you would stay a while with me
And we danced until the morning light
And you said to me, you said we'll be alright
And we'll be alright
Yeah, we'll be alright

Is this what you call love?
And is this what you call love?
And is this what you call love, love, love?
This is what I'm thinking of
And is this what you call love, love, love?
This is what I'm thinking of
