

# Like an Arrow

Lucy Rose

Oh, won't you comfort me  
I don't feel like myself lately  
Oh, won't you stay with me  
When you're gone my vision's hazy  
'Cause I was made for you  
We were made by two

We took our chance  
And we flew  
Like an arrow, like an arrow  
We came to our sense to soar  
Like an arrow, like an arrow

Oh, won't you comfort me  
Talk to me, you speak so sweetly  
Oh, won't you stay with me  
Nights are short when you are near me

'Cause I was made for you  
We were made by two

We took our chance  
And we flew  
Like an arrow, like an arrow  
We came to our sense to soar  
Like an arrow, like an arrow

We took our chance  
And we flew  
Like an arrow, like an arrow  
We came to our sense to soar  
Like an arrow, like an arrow

I am on your side  
I will comfort you  
I'm in love with you

We took our chance  
And we flew  
Like an arrow, like an arrow  
We came to our sense to soar  
Like an arrow

We took our chance  
And we flew  
Like an arrow, like an arrow  
We came to our sense to soar  
Like an arrow, like an arrow

We took our chance  
And we flew  
Like an arrow, like an arrow  
We came to our sense to soar  
Like an arrow, like an arrow
