If you had to question me like this
You never knew me, for me
I wonder what made you turn your back
When I was in most, most need

Well the first time, I showed
Weakness it took you all by
Surprise, something must be wrong with this girl
You could not, shake the
Feeling like it was all a front

Well nothing breaks a heart like a friend
Were we ever mates, my mistake
You were so damn cold, I trusted the wrong sort
Now I only have myself to blame

Cause there ain't nothing like
Ain't nothing like a broken heart
I had to build myself up
Build myself up, hit restart

You can't keep taking out your pain
On everybody else, it's felt

The first time, I showed
Weakness it took you all by
Surprise, something must be wrong with this girl
You could not, shake the
Feeling like it was all a front

Nothing you could say
To make me forgive
Nothing you could do
To undo the damage
Nothing you could
Say to make me forgive your ways

Maybe things turned out for the best
Maybe things turned out for the best
Life is so much easier without you
Without you
Without you

I see the light
I see the light
I see the light

I see the light
I see the light
I see the light...

Well the first time, I showed
Weakness it took you all by
Surprise, something must be wrong with this girl
You could not, shake the
Feeling like it was all a front
