Follow down if I wanna go  
Follow down if I wanna

Pull out the show tonight  
If I'm gonna work it the right way home  
Take out your thoughts for now  
Let me see the skin that I want to know

If I'm the right girl, if I'm gonna be the one for you  
If I'm the right girl, oh I'm taking off  
Follow down if I wanna

Free  
That is what I'm asking for  
Pulse  
Running up you have my word  
If you got a fur, if you got a fur  
If you got a fur, if you got a fur

What are we working for  
Likes of us can be what we want somehow  
Try find the change you know  
If we look we know that it might work out

If I'm the right girl, if I'm gonna be the one for you  
If I'm the right girl, oh I'm taking off  
Follow down if I wanna

Free  
That is what I'm asking for  
Pulse  
Running up you have my word  
If you got a fur, if you got a fur  
If you got a fur, if you got a fur

I gotta be  
The one to take you down [x7]  
I gotta be  
The one to take

Free  
That is what I'm asking for  
Pulse  
Running up you have my word  
If you got a fur, if you got a fur  
If you got a fur, if you got a fur
