

Don't wanna love again

Lucy Woodward

There you are
Sleeping like a baby
When I drive myself insane
But I lean over
And whisper softly
I hope you hear it in your veins

But I don't wanna know
I don't wanna care
You better do something
Before you make me feel
I don't wanna love again
Your love's no good for me
And this I can't pretend
You better do something
Before you make me feel
I don't wanna love again
I don't wanna love again

In the morning
When you wake up
I look for something different in your eyes
Oh baby, you could go
Go a little deeper
I'd stick it out and compromise

But I don't wanna know
I don't wanna care
You better do something
Before you make me feel
I don't wanna love again
Your love's no good for me
And this I can't pretend
You better do something
Before you make me feel
I don't wanna love again
I don't wanna love again

I'm giving up all I got
And giving it to you
And what I get in return
Is nothing I can use
I wanna feel something more
I gotta feel something more
I never wanted to love anyone this way

But I don't wanna know
I don't wanna care
You better do something
Before you make me feel
I don't wanna love again
Your love's no good for me
And this I can't pretend
You better do something
Before you make me feel
I don't wanna love again
I don't wanna love again
