

# Hey Ho

Ludacris

If men sleep around we some players but for women  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho  
(2x)

Now I be ridin in my Bentley coupe stuntin with the top down  
four 24 inch rims so heavy they hold the block down  
24 carrot necklace so heavy it hurt my neck  
3 things you can't take away from me, money, power and respect  
I got it and hold on to it you knew that I never let it go  
you prostitute it but money I never let it ho  
speakin of hoe's oh yes we meet em and we G' em dude  
and we may see em but we wouldn't want to be em dude  
I put my fist up, I got the power girl  
I wash my nuts off, go take a shower girl  
it's been an hour girl, it's time to go  
and if my neighbour see you while you walking out my door (hey ho)  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho

If men sleep around we some players but for women  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho  
they be saying hey ho

Can't nobody do it like Kim  
only women that can do it like men  
VVS is be them gems  
(ho, now count that)  
my money coming in  
bringing them corners on them rims  
so play the check book tell me how do you bounce that  
I bounce into position like I am vinegar Kama Sutra  
but money make me come, go and ask Luda  
and women cheat better than men we don't disturb them  
my motto is "what they don't know won't hurt them"  
we just do it like you do, see the roles done switched  
if I'm a ho you's a ho, if I'm a bitch you's a bitch  
know that I'ma stay rich so fella's do what you do  
cause you don't fuck us niggas we fuck you

(hey ho)  
now we saying (hey ho)  
now we saying (hey ho)  
now we saying (hey ho)  
now we saying (hey ho)
