```
I be that nigga named Luda
A.K.A. L-O-V-A, L-O-V-A
Fuck that shit, nigga what you wanna say one time
Southside let's ride (say what)
And if you love what you do, do what you feel
Then I know you gonna mark my words
I drop shit like birds
And it's about the time for yo' ass to get served
Just lay it on down, just lay it on down
While we relax to the tight raps, and the fat tracks
That a nigga Timbaland put down
Oh yes, let's get it on down to the nitty grit
Don't have time for the petty shit
Cause I got mo' dick, than a lil' bit
And time flies, when I'm having fun
I can make a hoe get like Forrest Gump and just "run baby run"
I guess that they can't handle this
The brother's just too scandalous
If you don't wanna get freaked,
Get up out my way just like in an ambulance (say what)
Gitty up gitty up ride on to the real, lay in death to the fake
And tell your boyfriend just to chill, don't player hate!
Kick back relax and just take off yo' shoes
While I gotta tell you what I wants to do (uh oh)
Yeah
Let me touch it (let me touch it)
Let me feel it (let me feel it)
Let me grab it (let me grab it)
That fat rabbit (fat rabbit, fat rabbit, fat rabbit)
Let me touch it (let me touch it)
Let me feel it (let me feel it)
Let me grab it (let me grab it)
That-that rabbit (oh, c'mon)
Let me touch it (let me touch it)
Let me feel it (let me feel it)
Let me grab it (let me grab it)
Fat rabbit (fat rabbit, fat rabbit)
Let me touch it (let me touch it)
Let me feel it (let me feel it)
Let me grab it (let me grab it)
That-that fat rabbit (uh oh)
Fatter than fat, fat like a dub sack
Showing them where that love's at
So open up yo' eyes, and get a surprise like in Cracker Jacks
Punan' Don happy, giving up that nappy dug out
Get the cut up, then I cut out
Why you standing there wit yo' butt out (whoo)
And it's always in the back of my mind
Whatever the place, whatever the time
Even in College Park after dark I'ma get that sunshine
Closer than close, closer than most, then I'm all up in ya
But beginners give me a thigh, breast, and leg like Mrs. Winter
And let dinner be served
Can I get it on a platter, shatter your bladder
And put so much light in yo' life I'll make the roaches scatter
```
