

Soul Seekers

Lufthaus

Soul seekers
Seekers of light
Staring at the Black Knight satellite

Out of the chaos
Out of control
You can't find me, I'll surrender a long time ago
I surrender
I surrender
I surrender
I surrender
I surrender

Soul seekers
Seekers of light
Staring at the Black Knight satellite
Searching for peace, away from the blind
Not waylaid by mediocre minds
Soul seekers
Seekers of souls
It's the way you hold yourself with what you know

Out of the chaos
Out of control
You can't find me, I surrender a long time ago
I surrender
I surrender
I surrender

Free, free, free, free, freedom
Free, free, free, free, freedom
Free, free, free, free, freedom
Free, free, free, free, freedom
I surrender
