I'm not wrong but I lose  
All they wanted is views  
Can't make it up, no excuse, ayy  
Let it go, but I refused, ayy  
I don't know how to move  
They tell me that they want the truth

Can't leave it lonely, had to tell my story, 'cause I got time today  
Ignore it, that ain't my shorty, I let her fly away  
Ain't for it, only want one story, I just won't die away  
Wish I was in that room when shit went down, but I wasn't there right away  
I left shorty alone  
They lied on me and speak on times, deleted shit out they phone  
But they gon' say I'm wrong  
Bro died, I cried all on my own  
Can't ride, them times I needed, I ain't let that be known  
I'm riding if you right or wrong

Oh, oh-woah

Say I used you for the public, but go live when this shit escalate  
Tell them how when we was together you was lurkin' all through your ex's page

Don't try to come back when shit get good, shorty keep that energy  
Let's speak on the situation  
A moment before all of this shit went down, it was altercations  
Never cheated on you, and you knew it fulfilled my obligations  
She keep talking down on my image, now the world just start to hating

7:00 AM, and I'm sleep, she type in the code 'cause she know where I stay  
She walked in the crib with her momma and randoms moved on me and didn't even lose space  
They walked in the room and I opened my eyes, and I thought that I seen a lil' gang  
Just woke up not knowing those girls, I hopped up and down just to find my lil' K  
They came for this girl  
Off going, like they came to set this bitch off  
Then they done jumped this girl

He tell you right, even the momma got some hits off  
I'm screaming fuck the world  
They would if they all knew the times that I was lost  
I'm screaming fuck the world  
Even though I feel alone

Oh-woah  
I'm a fool but I feel broke, oh-woah  
In a world, I feel alone, oh-woah  
Accusations say I'm wrong, oh-woah  
Oh, oh-woah  
I'm a fool but I feel broke, oh-woah  
In a world, I feel alone, oh-woah  
Accusations say I'm wrong, oh-woah
