

Yeah, yeah

Yeah, yeah

Yeah, I'm swervin', she get busy when she know she got a purpose

Might cop her a Birkin, only if she worth it

She a bad bitch, she know she make me nervous

Baby gon' throw that shit back, she don't never know how to act

But she gon' get to the cash, so she gon' throw that shit back

Baby gon' throw that shit back, she don't never know how to act

But she gon' get to the cash, baby gon' throw that shit back

Baby gon' throw that shit back

I'm feelin' you, you feelin' me, so let's not lie

I'm in so deep, your chemistry, I feel your vibe

Your handin' me your chemistry, you caught my eye

Your meant to be, I plan to be, just stay on my mind

Yeah, I'm swervin', she get busy when she know she got a purpose

Might cop her a Birkin, only if she worth it

She a bad bitch, she know she make me nervous

Baby, gon' throw that shit back, she don't never know how to act

But she gon' get to the cash, so she gon' throw that shit back

Baby gon' throw that shit back, she don't never know how to act

But she gon' get to the cash, baby gon' throw that shit back

Baby gon' throw that shit back

Now I'm tryin' excessively, I don't mean to be extra

And, girl, you're on my mind, I throw a vibe, I hope you catch it

Don't wanna do her the most, like a pic on every post

You the only one I chose, you the only one I needed most

Yeah, I'm swervin', she get busy when she know she got a purpose

Might cop her a Birkin, only if she worth it

She a bad bitch, she know she make me nervous

Baby gon' throw that shit back, she don't never know how to act

But she gon' get to the cash, so she gon' throw that shit back

Baby gon' throw that shit back, she don't never know how to act

But she gon' get to the cash, baby gon' throw that shit back

Baby gon' throw that shit back
