She know that she bad but she claim that she good  
Straight from New York with A Boogie no hood  
I like the way that she flex cause she could  
She got a walk and a talk from the hood  
She hit my DM a couple of hearts  
Said hit my line now we can't be apart  
She on my phone all we do is talk  
She on my phone all we do is talk  
(Awe yeah)  
She got my heart  
She got my heart  
I do not want be apart  
She from the dirt  
She from the mud  
She hit my heart like a dart  
I like the way I like the way  
When she pull up she don't fake  
She say my name  
She wet like a lake  
All I can scream out is bae

Baby  
You my lady  
B R B  
Please don't think I'm shady  
You amaze me  
I know that you don't think I'm crazy  
But lately  
You be acting like you hate me  
You throw it back like the 80's yeah yeah

Got a bad B from the 314  
She blow my dih like a snotty nose  
It's feeling good but my eyes closed  
Also have love for them island hoes  
That's the next place that I'm tryna go  
But right now I'm just gone focus on you  
I'm trynna chill and just do what we do  
Watch some Netflix and we order some food  
I got a lot on my plate  
Just got a text from the 678  
I know that it's late  
But she wanna heal all my pain  
She say she wet like the rain  
I know I'm to blame  
Cause I can't think of her name  
But she thinking she my main  
So she bought me a plane  
I told her I'm on the way  
When I pull up Imma say

Baby  
You my lady  
B R B  
Please don't think I'm shady  
You amaze me  
I know that you don't think I'm crazy

But lately  
You be acting like you hate me  
You throw it back like the 80's yeah yeah
