

## Can't Compare

Luh Kel

Is my heart big enough  
I told them bitches, they can't have yo spot  
Even if you wanna give it up  
Put Elliante diamonds on my bitch (Mm-Mm-Mm)  
Baguette her heart to fall in love  
I can't compare you to these hoes (Mm-Mm-Mm)  
Ain't gotta worry 'bout me fucking up (ouuu-ouu)  
And I'm sure, conceited, but insecure

She a stallion (oh-oh-oh-oh)  
Pat down her wrist Patek Philippe (yeah, yeah, yeah)  
To keep her smiling (yeah)  
Heart pure, you do you wrong, she innocent  
But she, but she so into violence (yeah)  
Jump off a mountain, I would, I would, I would  
I'll do anything to keep her smiling (yeah)  
Travel the world, I would, I would, I would  
I'll do anything to keep her smiling (yeah)

On some G shit, you don't wanna do her wrong  
She'll pack her stuff and then she'll leave quick  
She got too many scars, this not the bitch u would wanna cross  
'Cause she not one of them hoes, that you might come across  
I travel the world, I seen so many girls  
But I can tell you, I never felt like this (Before-oh-oh-oh)  
I trade you a Rolex for all the times, I waste yo time  
And drip you in (Dior-oh-oh-oh-oh-oh)

Match my style (yeah, yeah)  
I need you now (yeah, yeah)  
The only girl that make me smile when she come around (yeah, yeah)  
I know she down (yeah, yeah) even when she crashing out (yeah, yeah)  
Don't even try her, 'cause I know in my head, she'll turn you down (yeah, yeah)  
We just gotta bond like that, I know that if she go, even if I do her wrong  
I know that she gon' still come right back to me, come right back to me
