

Down

Luh Kel

I used to believe in love, but time has changed
Love is not enough, but loving you in every way
My heart is like a lock, you got the key up to the safe
Sometimes my heart may stop, but you know how to go press play
Bae, love, baby you got what I'm searching for
Girl you get my heart, so take your clothes off at the door
You only gave me a little love, I feel like I need more
You can be the umbrella to the pain when It pours

Down, down, down, down, down, down, down
Down, down, down, down, down, down, down
(Start to fall)

Down, down, down, down, down, down
Girl I get to sinkin'
When I'm in your deep end
It's about to go
Down, down, down, down, down, down, down
Down, down, down, down, down, down, down
(Start to fall)

Down, down, down, down, down, down
Girl I get to sinkin'
When I'm in your deep end
It's about to go down
It's about to go down
It's about to go down, down, down
It's about to go down, down, down

Before you came around girl I been feeling so alone
I been out of space, but you make me feel like I'm home
When you was at the bottom, I'm at the top, you had grown
It's plenty girls in the world, but you the one I chose
Girl I need you Now, now, now, now, now, now, now
Now, now, now, now, now, now
Girl I need you
Now, now, now, now, now, now
I know you on your way
But that really ain't OK
Cause girl I need you

Down, down, down, down, down, down, down
Down, down, down, down, down, down, down
(Start to fall)
Down, down, down, down, down, down, girl I get to sinkin'
When I'm in your deep end
It's about to go down
It's about to go down
It's about to go down, down, down
It's about to go down, down, down
