

Ecstacy

Luh Kel

Baby, lately you've been on my mind on a daily
I give you what you like, make you crazy
You'll be B, baby, I be Jay-Z

Baby, you've been on my mind, you so divine
Baby, you're finer than wine
Leave that nigga, you'll be fine, just hit my line
Babe, throw it back one more time, yeah

I know you get it, you a lake but a ocean when I'm in it
I hit it rights to feel the motion when I'm finished
Put your phone, I can't worry about what's trending, no
Yeah, this feels like ecstasy, you are on top of me
You love when I'm in deep, oh

Yeah, your nigga never kiss your neck like me, no
Your nigga never make you wet like me, no
Your nigga never get you wet like me, no
Girl, you're something that I can't ignore
Why go out on a date when your body what I'm cravin' for?
Yeah, I'm swimmin' in you like Olympic when you take it off, oh
Girl, your panties on the floor
Do you say you need some more right now? (Oh-oh)
Legs up in the air, girl, I'm pullin' on your hair, pipe down

I know you get it, you a lake but a ocean when I'm in it
I hit it rights to feel the motion when I'm finished
Put your phone, I can't worry about what's trending, no
Yeah, this feels like ecstasy, you are on top of me
You love when I'm in deep, oh
