

Feen

Luh Kel

I feel like a feen when I'm alone and thinking of you and me

I feel like a feen when I'm alone and thinking of you and me
Smoke in the air make it so hard to breathe,
You leave me in the sky feel like I'm floating with the trees,
I can't live without you can you live without me
No luck feel like I need a four leaf clover, no love when you crying
all on my shoulders
Givin' up baby call me when it's over, can't talk I don't mean To be
anti social

Just talk to me and call my phone girl when you need it,
Put your all in me cause baby I feel like I'm feenin'
Wanna fall in love but I don't really know the meaning
Give you a dosage of this medicine until you feel it
Gave you my heart I feel like it's hurtin
Gave you my all I don't know if it's workin
Double c's double g's on your purses
You hurtin me, I feel like feenin on purpose

I feel like a feen when I'm alone and thinking of you and me
Smoke in the air make it so hard to breathe,
You leave me in the sky feel like I'm floating with the trees,
I can't live without you can you live without me
No luck feel like I need a four leaf clover, no love when you crying
all on my shoulders
