

# Forever

Luh Kel

If my heart ever break, I'll let you keep the pieces  
'Cause girl I know you need it  
Put you on a flight to LA, just so we can switch the seasons  
Gave you my card, I let you swipe the Visa  
And you know I can't do this by myself  
You don't wanna be alone, baby I can tell  
Girl I would be a dummy if I leave you lonely  
You know just what you did, you put a spell on me  
Yeah

I want this moment for life  
Get the Henny we can sip with sum ice  
When I first met you, fell in love in one night  
Baby you know what I like  
Loving when you by my side  
Girl let's give it a try  
We ain't gotta waste no time  
Baby let's make you mine

Yeah, yeah  
What am I suppose to do  
I was supposed to fuck with you  
We suppose to be together  
Aye  
Girl you got me loving you, you the shit like number 2  
I just want this shit forever  
Yeah, what am I suppose to do  
I was suppose to fuck with you  
We supposed to be together  
Aye  
Girl you got me loving you, you the shit like number 2  
We supposed to be forever

Pretty lace, brae face, girl I love it  
Took the space from out my chest, my heart had been abducted  
You blow my mind, explode my thoughts, it's a constant eruption  
Questioned our bond, can't give my all, it's hard 'cause love corrupted  
You might be the one for me, la baby I can't lie  
You showed me love, I gave it back, my feelings hard to hide  
I did you wrong too many times, but you still had my back  
Them hoes they say they fuck with me, but you know that shit CAP  
'Cause you know me more than them, and you know  
I let you pull up to the crib all alone  
If you believe them hoes I'm 'a have to let you go  
But I'm 'a be all alone, tell me what I'm supposed to do

Yeah  
What am I suppose to do, I was supposed to fuck with you  
We suppose to be together  
Aye  
Girl you got me loving you, you the shit like number 2  
I just want this shit forever  
Yeah, what am I suppose to do, I was supposed to fuck with you we supposed to  
o be together  
Aye  
Girl you got me loving you, you the shit like number 2  
We supposed to be forever

What am I suppose to do, I was supposed to fuck with you  
We suppose to be together  
You the shit like number 2, you the shit like number 2  
We supposed to be forever
