

Iced out my wrist, it turned to water like it's Fiji
I just traveled out of states, maybe to Tahiti
I'm in Dubai with the gang, getting with the bae, she please me
I slap 5 on top of my tints so you can't see me
I roll up my wrist OK, don't know if ima make it
But ima ball like I'm playing 2k
I know I'm on top, my mama taught me to never be less than great
I hang with animals like gorillas, no snakes, maybe some apes
I know I'm the hero of my hood, might as well hand me a cape

You think a snake and a dog is the same thing
This a rollie up on my wrist, a bust down no plain jane
I only got three friends so you can't tell me you gang gang
I was all in the deep end so you can't tell me that you my main thing, like no
I had my hands against the wall, I told all my dogs I got they back, just gimme a call
I stand on 10 toes, I can't stand on one, I start to fall
Your love keep loving me, can't end up on my own
But you knew that It ain't no 20's in my stack because that's green, I got the blue pack
My life is hard work, I gotta make it, I can't cool back
My life is a movie, got a groupie and she so bad

Iced out my wrist, it turned to water like it's Fiji
