

Homesick

Luh Kel

What page are we on?
Am I losing the track of time when we speak?

I moved away, baby, I'm gettin' homesick
I can tell you a liar the way your tone is
I ain't seen you in a while, I'm gettin' homesick
I ain't seen you in a while, I'm gettin' homesick

I moved away, baby, I'm gettin' homesick
I can tell you a liar the way your tone is
I can see it in your eyes that you homesick
You can see it in my eyes that I'm homesick

I take our pictures and I rip them off the walls
Shootin' all these shots, but they're missin' like my calls
You can shoot me down, but I still stand tall
Miss the way you sound out of everything at all
You moved away from me, thought you would wait for me
Thought you would pray for me, my soul, you take from me
Don't give it back, I don't need it, it's too much leverage for demons
I'm tryna stay out the way and stack my money all season
I took a pill out of the cabinet, I tried healin' my soul
It's like she slapped me with the cons, but I still feel the pros
She think I'm laughin' 'cause I'm on, I kill my feelings with smoke
Still, tell you how I'm feelin' the most
I think about it and she know it, I'm still stuck in the past
I seen her cross too many lines while she was crossing my path
You should say it if you mean it, no, I shouldn't have to ask
I used a broken heart as fuel, then I stepped on the gas

I moved away, baby, I'm gettin' homesick
I can tell you a liar the way your tone is
I ain't seen you in a while, I'm gettin' homesick
I ain't seen you in a while, I'm gettin' homesick

I moved away, baby, I'm gettin' homesick
I can tell you a liar the way your tone is
I can see it in your eyes that you homesick
You can see it in my eyes that I'm homesick

I be sick you're not around, girl, just tell what you did to me
Ain't been home, ain't been around, fuck with our chemistry
If I leave forever, would you remember me?
When you're away too long, fuck me with mentally
Do you miss me, baby? Missing what we used to have
I got my back against the wall and my hands on the glass
You got your face towards to future, your back to the past
Tell me what I got to do to make sure that we last

Forever and ever
Means you're ridin' together, yeah
Keep you on like my sweater, oh yeah
Rockin' Mason Margielas, oh yeah

Believe in me, baby, tell me what you see in me
I knew that you were perfect for me when you greeted me
Just tell the truth and never lie and keep on pleasing me

Make sure you're the only one that's gon' believe in me

I moved away, baby, I'm gettin' homesick
I can tell you a liar the way your tone is
I ain't seen you in a while, I'm gettin' homesick
I ain't seen you in a while, I'm gettin' homesick

I moved away, baby, I'm gettin' homesick
I can tell you a liar the way your tone is
I can see it in your eyes that you homesick
You can see it in my eyes that I'm homesick
