

# I Wish

Luh Kel

Nah Nah Nah Nah  
Nah Nah Nah Nah  
If I had one wish  
Nah Nah Nah Nah  
Nah Nah Nah Nah

When I was messing with you, I was running off with her  
I tried to tell you how I feel, but stumbled on my words  
Know I was tripping when I did it, but she put me first  
But I'm just tryna make it work

If I had one wish, we wouldn't be apart  
I would've picked your heart  
You'd be mine from the start  
Girl if I had one wish  
I wouldn't have did no wrong  
You would pick up the phone  
I wouldn't be alone  
If I had one wish  
One wish one wish one wish one wish  
One wish  
One wish one wish one wish one wish

If I had one wish  
I would do everything that I'm posed to  
Really take my time and get to know you  
Make sure you ain't tripping bout ole dude  
Take some time off and take off your clothes too  
Rub your feet and then lick on them toes too  
Baby I'm just tryna get to know you  
Take care of you bae that's what goats do  
Taking care of you that's what I'm gon' do

I stumble all over my word  
I shouldn't did the shit I done did  
And I ain't tryna make it hurt  
I ain't want this shit to end  
But baby I'm tripping off you  
That's the reason I keep calling you  
My bad, the shit I put you through  
I ain't really care about losing, that's when I lost you

But if I had one wish, I would take it back  
And if I had one wish, I would be attached  
If I had one wish, I would get you back  
One one one

When I was messing with you, I was running off with her  
I tried to tell you how I feel, but stumbled on my words  
Know I was tripping when I did it, but she put me first  
But I'm just tryna make it work

If I had one wish, we wouldn't be apart  
I would've picked your heart  
You'd be mine from the start  
Girl If I had one wish  
I wouldn't did no wrong

You would pick up the phone  
I wouldn't be alone  
If I had one wish

I would make it feel different  
The way that you feeling right now girl I hate when you sad  
You keep making assumptions bout shit that I did  
The mistakes that I made in the past  
But I told you I'm wrong and I wish I could take it all back  
You know that I'm attached  
My loyalty switch  
And your loyalty different I know all the shit that I had  
Forgive me if I tell you sorry cause I don't say it a lot  
I know what I got  
We pull up and fuck up the spot  
If I'm on top baby I need you a lot  
Some shit that I need to address  
Deep in my head can't feel this pain again  
It's me and you fuck all the rest  
Open your legs  
Wish this shit never change again

If I had one wish, we wouldn't be apart  
I would've picked your heart  
You'd be mine from the start  
Girl If I had one wish  
I wouldn't have did no wrong  
You would pick up the phone  
I wouldn't be alone  
If I had one wish

One wish one wish one wish one wish  
One wish  
One wish one wish one wish one wish

If I had one wish
