mm-mm-mm

I don't know, what I'm gon' do, but I can't stay on the same path that I'm on

I needed you, I dialed your number, you ain't pick up the phone it's hard to love when I ain't got no heart, and my feelings gone

I don't know, what I'm gon' do if they call on me

I don't know, what I'm gon' do when it's all on me

I don't know, what I'm gon' do when they all gon' leave

I don't know, I don't know, I don't know

Don't bring your love when you around me, I don't know the subject

I got no feelings, I take drugs so I can feel me something

I lost my loved ones, the thought of them it's hard to stomach

I tried to fall in love, it broke my heart, it left me trauma

I watch you say you love me then you leave

I lost my mind, can't see the same I got PTSD

Covered in darkness, trying to look at all the finer things

I see she don't want me, so I go my way and let her be

I watch my back I can't trust her, she don't love me, I can't love her

She treat me like my heart nothing, we falling out with each other

She told me watch all my brothers, half all of them undercover

I hit her once, slide like butter, I never fucked, but I should've

They say, "Kel, do you trust them niggas that's surrounding you," I told them IDK

'Cause when you fall yeah IDK if I fall, is they all gon' go, I DK if I fall, is they all gon' go

They say, "Kel, do you trust them niggas that's surrounding you," I told them IDK

'Cause when you fall yeah IDK if I fall, is they all gon' go, I DK if I fall, is they all gon' go
