

# Reminisce

Luh Kel

I just want to see you naked  
Pour it up how many shots we taking  
You lick the sugar off the rim that's sexy  
Say you want it but I know you can't take it  
Candles lit it's a special occasion  
Rose pedals on the floor fuck the vases  
I know you want it but you like it when I'm chasing  
I put it in got you making different faces

Body on body  
You way too exotic  
Hit from the side then you ride it  
I be in my head like okay  
Something about you don't know but I love it  
Girl when I'm with you I know I can't function  
When you in pain girl I know I can numb it  
Touch on yo body you love when I rub it  
You know what to do to just keep my heart jumping

Waiting girl don't leave me waiting  
We can do whatever girl just tell me when you ready  
Baby girl you get me  
Know that you can't take it  
Got me thinking back to all them times and reminiscing  
Got me reminiscing  
Been way too long  
Got me reminiscing  
I love it all

Steady reminiscing bout them times we kissing  
Baby girl I miss it  
Why I'm reminiscing  
Got me reminiscing  
The way you moan  
Steady reminiscing  
I love it all  
Got me reminiscing  
About them times we kissing  
You know that I miss it  
Why I'm reminiscing  
Got me reminiscing

Tell me what you want  
When I'm on the road we be fucking through the phone  
She screaming in my ear she know I love it when she moan  
It don't matter what you wear just know you're taking that shit off  
Sending pictures when you on the way you know it turn me on  
Can't even fake it you took away from other hoes  
I'm losing patience you know I hate it when you gone  
Tell them I'm taking  
You know it's better when they know  
We fell in love and I love that we did  
We've been in love ever since we was kids  
Hit from the back sweat drip off of my chin  
We go for rounds to go back go again  
I can't let you go oh oh ouu  
Don't leave me waiting I need you fasho

Got me reminiscing  
Been way too long  
Got me reminiscing  
I love it all  
Steady reminiscing bout them times we kissing  
Baby girl I miss it  
Why I'm reminiscing  
Got me reminiscing  
The way you moan  
Steady reminiscing  
I love it all  
Got me reminiscing  
About them times we kissing  
You know that I miss it  
Why I'm reminiscing  
Got me reminiscing
