Luh Kel

(Play that shit, Brandon
Damn, Callan, you getting guap)

Ain't really fucking with that bitch, know I could do better
With you I'm stuck, I'm tryna make it to a new level
Ease your mind just to make you feel like you special
And that's a fact so on your ring you got two bezels

Is you real, is you sliding?
Let me know if you gon' put the time in
'Cause if you not, just let me know
I been in my head, ain't got no time for fake love
Is you real, is you sliding?
Let me know if you gon' put the time in
'Cause if you not just let me know
I been in my head, ain't got no time for fake love

Tryna love you till you older
Tryna kiss you from your feet up to your shoulders
I did her wrong so her feelings be bipolar
She gon' hold the wheel and she gon' ride untill it's over
I put you in that rover
She say she like Chanel
She got my heart feel like I'm flying like she casting spells
I keep her hair done blue toes and matching nails
I cop the AP for her, two tone for you and no one else, oh

Is you real, is you sliding?
Let me know if you gon' put the time in
'Cause if you not, just let me know
I been in my head, ain't got no time for fake love
Is you real, is you sliding?
Let me know if you gon' put the time in
'Cause if you not just let me know
I been in my head, ain't got no time for fake love

Know you gon' slide with no question, we body-body, caressing
You pull up on me, undressing, we hit the bed, now it's messy
We hit the mall now we flexing, Balenciaga, we stepping
We [?] cars like collection, Maserati X7
So call me when you pull up (yeah) top down with the roof off
Call me when you pull up (yeah) and show me how you pull up

I'm like, what's up with you baby, how you doing? You different
She said what's up but then she told she ain't got no feelings
I like your vibe, I like your style, I think you so appealing
Told her to slide and she replied, "Boy, give me a minute"

Is you real, is you sliding?
Let me know if you gon' put the time in
'Cause if you not, just let me know
I been in my head, ain't got no time for fake love
Is you real, is you sliding?
Let me know if you gon' put the time in
'Cause if you not just let me know
I been in my head, ain't got no time for fake love

(Sliding

Let me know if you gon' put the time in

'Cause if you not, just let me know
