Y.O.U.

Luh Kel

Looney Tunes in your area
Bankroll Got It

If I said I need you by my side, just stay close to me
Just keep on holding me, telling me you won't ever leave
I feel like somethin' inside me just keep controllin' me
But you take all the pain, I need your energy

I - I - I'm needing you
I - I know you see me through
I - I - I'll be there for you
I - I - I'll be there for you

It's a different feeling when all of the checks on
Ima chop it Ima chop it till the pack gone
Sometimes I know I'm right but I feel wrong
When your arms not around me I feel all alone
I feel like I'm pacing, chasing, hoping Ima make it
It's a lot inside my mind, my life been super crazy
Praying that one day my brother get out of them cages
You was there for me, I swear that I'll be here for you

If I said I need you by my side, just stay close to me
Just keep on holding me, telling me you won't ever leave
I feel like somethin' inside me just keep controllin' me
But you take all the pain, I need your energy

I - I - I'm needing you
I - I know you see me through
I - I - I'll be there for you
I - I - I'll be there for you

Lately I've been in my mind, I feel I'm faded
Every time you come around my heart is racing
I'm grinding so hard I gotta make it
But you told me it's coming so I'm patient
I've been in my mind, I'm gone
It might take some time, I'm strong
I need you by my side because I need you
And when you tell me I'm that nigga boost my ego
All the way to the stars like the aliens
I know we ain't hit the top but girl we grazing it
When I look into your eyes, it's some amazing shit (It's amazing)
And girl, you're not in love just for the place I'm in

I - I - I'm needing you
I - I know you see me through
I - I - I'll be there for you
I - I - I'll be there for you

If I said I need you by my side, just stay close to me
Just keep on holding me, telling me you won't ever leave
I feel like somethin' inside me just keep controllin' me
But you take all the pain, I need your energy

I - I - I'm needing you
I - I know you see me through

```
I - I - I'll be there for you
I - I - I'll be there for you

I - I - I'm needing you
I - I know you see me through
I - I - I'll be there for you
I - I - I'll be there for you

I'll be there for you
I was there for you
Know you see me through
I'm needing you
```
