Ayy

Stack them hundreds in them pockets, gettin' fat
I got four pockets full, yours flat
I just bought some off the rack for a rack
Pussy cappin', that's a Cat in the Hat, nigga
Real shit, no cap in my rap
Bad bitch let me smack from the back, yeah
She a bug, you can keep her, she a gnat
Real young rich nigga, yeah, I'm that
Blue hundreds, pink fifties in the bag
Young nigga got the blues like he sad

Skippin' school, I ain't like to go to class
I'm smokin' gas, got me glitchin', finna lag
That lil' shawty lookin' good but she bad
Show these niggas love when I wish I never had
Told lil' shawty I'm a dog off the leash
I'm screamin', "Ski", but my niggas screamin', "Z"
Shoutout to my dentist, got me screamin', "Glee"
Bet your bitch gon' let me hit it for the free
Like a hurricane, I'm blowin', I need trees
Take a nigga main and put her on her knees
Hidin' in them plains, smokin' out the P
Yeah, I can't even breathe
Make her give me brain 'fore I make her leave
She ain't know I had a trick up my sleeve
I've been grindin', still standin' on that biz
I'ma keep it real, tell you what it is
She want me to trick on her, that's for kids
Hell nah
Yeah, all these rhymes off the head
Last night, I was geeked up off the meds
Woke up this morning with two baddies in the bed
I kicked 'em out and then I went to chase a check, nigga

Stack them hundreds in them pockets, gettin' fat
I got four pockets full, yours flat
I just bought some off the rack for a rack, nigga
You pussy cappin', that's a Cat in the Hat, nigga
Real shit, no cap in my rap
Bad bitch let me smack from the back, yeah
She a bug, you can keep her, she a gnat, yeah
Real young rich nigga, yeah, I'm that, nigga
Blue hundreds, pink fifties in the bag (On God, no cap, ayy)
Young nigga got the blues like he sad, yeah
But I ain't even sad, ayy
