2024 (Yeah, yeah)  
2024, it's a new year  
Pull up to the function fly as hell, you think I flew there  
Nigga, I be standin' on that biz, bring my suit here  
Diamonds dancin' on my fuckin' neck, they look like 2Rare  
Bend her over, pull up trackside, she need some new hair  
Nigga, I'ma tell it how it is, don't care 'bout who here  
Man, I know them boys can't stand me, I'm finna buy 'em a chair

Take a seat, shawty wet like I jumped in the sea  
Got a pocket full of bread, y'all can keep all the beef  
Bet that bitch throw it back if I throw a lil' cheese  
Man, I swear that money talk, I don't even gotta speak  
I'm addicted to the money, for that shit I'm a fiend  
Shawty see me in her sleep, say I'm the man of her dreams  
Bitch told me that she love me, I'm like, "What does that mean?"  
You got them bands on the 'Gram, but real life ain't the same  
Stop playin' 'round with this money, man, this shit ain't a game  
I do this shit for the fam', never been for the fame (On God)  
Every day I wake up, a nigga breakin' the bank  
Bitch, I got 'bout two-hundred bands just in diamonds and chains  
Made it through the storm, now I'm the one makin' it rain (Makin' it rain)  
How you hatin' but you broke? You niggas should be ashamed (Should be ashamed)  
Turn a bitch into a freak, I don't even know her name  
I'm a dog off the leash, sorry, I can't be tamed  
I've been gettin' them bands, stayin' far away from the fakes (Yeah)  
Smokin' different strands, all the gas comin' from L.A  
Give a fuck 'bout what they talkin' 'bout, keep workin' every day  
Go and get them bands, put 'em up and make sure that you save  
I can probably teach you somethin' if you listen to what I say, yeah  
Niggas hate to see me in my better days  
I ain't rushin', tryna see the top, I know we on the way  
I got all my pockets full like they already ate
