

By The Way

Lukas Graham

By the way you're not the only one
Who's been afraid of feeling something
You deserve as much as anyone
Don't run away from what you wanted

I understand, it's not easy
Living the life of someone you're not meant to be
I understand, it's just feelings
There's highs and lows and all that's in between
On the way through the pain
There's a light in the darkness
Finally found the truth
I'm right here with you
You can hide from light
But you shine in the darkest
Times we're going through
I'm right here with you

By the way you're not the only one
Who's been afraid of feeling something
You deserve as much as anyone
Don't run away from what you wanted

I understand, I see you
So many things you thought
You couldn't be
Just trust yourself
And trust in me, you can
it's just feelings
You gotta let some go
To get some back
It's simple there's no more than that

All the way through the pain
There's a light in the darkness
Finally found the truth
I'm right here with you
You can hide from light
But you shine in the darkest
Times we're going through
I'm right here with you

By the way you're not the only one
Who's been afraid of feeling something
You deserve as much as anyone
Don't run away from what you wanted

By the way you're not the only one
Who's been afraid of feeling something
You deserve as much as anyone
Don't run away from what you wanted

I understand
