

Cheat Code

Lukas Graham

Got the cheat code, got, got, got, got, got the cheat code

Happy life is a happy wife then I got me mine
Got an appetite for the finer side, keep her satisfied
On a need to know what she need to know, I don't tell her, "No"
Gotta keep it hot, gotta hit the spot, make it afterglow
Leave her with the fever

Kiss her like a stranger I've never met
That body pleased, keep her interested, oh
Get her out of her head, oh

Gotta treat your girl special for the rest of her life
Step it up another level if you wanna survive
If you wanna know the secret, I'll save you some time
Got the cheat code, got, got, got, got, got the cheat code
Gotta love her like a lover, keep on blowin' her mind
Gotta touch her like you're touchin' for the first time
If you wanna know the secret, I'll save you some time
Got the cheat code, got, got, got, got, got the cheat code

Happy house is a happy spouse and she got her boy
Give him what he needs maybe on her knees and we redeploy
It's a goddess I'm gettin' up behind, body lookin' fine
Give her what she want and it's when she want, put in overtime
I just wanna feel her

Kiss her like a stranger I've never met
That body pleased, keep her interested, oh
Get her out of her head, oh

Gotta treat your girl special for the rest of her life
Step it up another level if you wanna survive
If you wanna know the secret, I'll save you some time
Got the cheat code, got, got, got, got, got the cheat code
Gotta love her like a lover, keep on blowin' her mind
Gotta touch her like you're touchin' for the first time
If you wanna know the secret, I'll save you some time
Got the cheat code, got, got, got, got, got the cheat code
