

# Say Forever

Lukas Graham

Maybe you felt it, maybe you didn't  
But there is a moment, where everything switches  
From the start 'til the end  
You had the world right, under your feet yeah  
You had a wild ride, you got to see things  
So hard to forget

The words that you told me I've kept in my chest  
I'm not sure I can let go of them yet  
Life's just too short to get caught up in stuff like this

So if it's the last song then let's dance  
If it's the last touch of our hands  
What if we can't do this again  
Let's hold each other 'til the end  
And if it's the last night then no sleep  
If it's a goodbye then don't speak  
Let's just pretend it's all alright  
Let's say "forever" one last time

Awake in the morning missing a memory  
So many boxes, all of them empty  
Not a thing left inside  
And when my eyes close, you know where my dreams go  
Back to your front room, chair by the window  
Your photographs are in my mind

The words that you told me I've kept in my chest  
I'm not sure I can let go of them yet  
Life's just too short to get caught up in stuff like this

So if it's the last song then let's dance  
If it's the last touch of our hands  
What if we can't do this again  
Let's hold each other 'til the end  
And if it's the last night then no sleep  
If it's a goodbye then don't speak  
Let's just pretend it's all alright  
Let's say "forever" one last time

There's good and there's bad and there's bits in between  
There's no going back to the places we've been  
There's just no way to explain what you mean to me

So if it's the last song then let's dance  
If it's the last touch of our hands  
What if we can't do this again  
Let's hold each other 'til the end  
If it's the last night then no sleep  
If it's a goodbye then don't speak  
Let's just pretend it's all alright  
Let's say "forever" one last time

Yeah
