She Ain't Got No Money

Lukas Graham

She says she likes the way I talk,
She really thinks I'm funny,
She wants me and she wants my heart,
But she ain't got no money.

No, she ain't got no money,
No, she ain't got no money,
She says she likes the way I talk,
But she ain't got no money.

Pretty girl, how you've been?
I've been diggin' at it,
Since the day I was ten,
But now, I'm only thinking 'bout Benjamins,
And you ain't got none (No, no, no).

Sexy lady ain't got the dollar to the night,
Sexy lady ain't bring the dollar to the game,
Really want to give you my love and this stuff,
But you ain't got none (No, no, no).

I've been working for too long,
Now, I got very near to wealth,
I'm gonna find that bitches rollin',
And I'm gonna take 'em 'round myself,
I ain't gonna work (No, no, no, no, no-no),
I ain't gonna work (No, no, no, no, no-no),
I ain't gonna work.

Sip sap, suit up and sit low,
Tell the pretty girl,
She won't be needed no more,
And tell the pretty girl,
She won't be reared no more,
Tell the pretty girl to leave,
I won't feed her no more.

Sexy lady ain't got the dollar to the night,
Sexy lady ain't bring the dollar to the game,
Really want to give you my love and this stuff,
But you ain't got none (No, no, no).

I've been working for too long,
Now, I got very near to wealth,
I'm gonna find that bitches rollin',
And I'm gonna take 'em 'round myself,
I ain't gonna work (No, no, no, no, no-no),
I ain't gonna work (No, no, no, no, no-no),
I ain't gonna work.

Ain't that the pretty doctor over there,
Hangin' out with the divorced,
Loyal, long, blond hair?
Don't blow their goal score,
Man, just become friends,
And need a wealthy women,
Who hangs around with them,

All of them bitch and deep in the wealth,
Don't believe? Please come,
And see for yourself,
And in the end if they ain't got no money,
It's... (No, no, no).

I've been working for too long,
Now, I got very near to wealth,
I'm gonna find that bitches rollin',
And I'm gonna take 'em 'round myself,
I ain't gonna work (No, no, no, no, no-no),
I ain't gonna work (No, no, no, no, no-no),
I ain't gonna work.
(2x)

All of them bitch and deep in the wealth,
Don't believe? Please come,
And see for yourself,
And in the end if they ain't got no money,
It's... (No, no, no).
