

More Than Friends

Lukas Nelson & Promise Of The Real

Let's pretend we're more than friends tonight
Let's pretend, and let each other in

Forget tomorrow
We can face the music then
But I promise you tonight will never end
If we pretend
We're more than friends

Let's let go of what we used to know
Let's let go and let our feelings show

Forget tomorrow
We can face the music then
But I promise you tonight will never end
If we pretend
We're more than friends

Let's pretend we're more than friends tonight
Let's pretend, and let our bodies win

Forget tomorrow
We can face the music then
But I promise you tonight will never end
If we pretend
We're more than friends

Forget tomorrow
We can face the music then
But I promise you tonight will never end
If we pretend
We're more than friends
