

# Buddies

Luke Bryan

Buddies  
They roll up in the mornin'  
And hand you a coffee  
Tell ya hurry up  
The fish ain't gonna wait on you

Buddies  
They don't give you no warning  
When they shoot up a stop sign  
Out on some ol' country road

I've got ones that I've fought with  
And out run the law with  
Ones that I'd give my last dime  
If I had it

One on the wagon  
And one out there draggin'  
A plow behind  
an old John Deere

They work hard for their money  
Their trucks all stay muddy  
All my beer drinkin, deer draggin'  
Dusty dirt road riddin'  
Buddies

Buddies  
They smell trouble 'fore it happens  
And when it starts to happen  
They're right with you  
Rollin' in a parking lot

Buddies  
They make you girlfriend so mad  
Keep your momma from sleepin'  
Cause they both know too well that

I've got ones that I've fought with  
And out run the law with  
Ones that I'd give my last dime  
If I had it

One on the wagon  
And one out there draggin'  
A plow behind  
An old John Deere

They work hard for their money  
Their trucks all stay muddy  
All my beer drinkin', deer draggin'  
Dusty dirt road riddin'  
Buddies

I got one on a humvee  
That keeps all of us free  
And one that got his heartbroke

And went half crazy

Got one that moved far away  
One that rings my phone everyday  
And one when he hears this  
He'll shed a tear

They work hard for their money  
Their boots all stay muddy  
All my beer drinkin', deer draggin'  
Dusty dirt road riddin'  
Trash talkin' buddies  
All true
