

Don't Want This Night To End

Luke Bryan

Girl I know I don't know you
But your pretty little eyes so blue
Are pulling me in
Like the moon on your skin

I'm so glad you trusted me
To slide up on this dusty seat
And let your hair down
Get out of town

Got the stars coming out
Over my hood
And all I know now
Is it's going good

You got your hands up
You're rocking in my truck
You got the radio on
You're singing every song
I'm set on cruise control
I'm slowly losing hold
Of everything I got
You're looking so damn hot

And I don't know
What road we're on
Or where we've been
From staring at you girl
All I know
Is I don't want
This night to end

Gonna cuss the morning when it comes
'Cause I know that the rising sun
Ain't no good for me
'Cause you'll have to leave

Gonna make the most of every mile
Do anything to make your smile
Land on my lips
Get drunk on your kiss

Clock on the dash
Says 3:35
There's plenty of gas
And the night's still alive

You got your hands up
You're rocking in my truck
You got the radio on
You're singing every song
I'm set on cruise control
I'm slowly losing hold
Of everything I got
You're looking so damn hot

And I don't know

What road we're on
Or where we've been
From staring at you girl
All I know
Is I don't want
This night to end

You got your hands up
You're rocking in my truck
You got the radio on
You're singing every song
I'm set on cruise control
I'm slowly losing hold
Of everything I got
You're looking so damn hot

And I don't
Know what road we're on
Or where we've been
From staring at you girl
All I know
Is I don't want
This night to end

I don't want this night to end
No, I don't want this night to end
