

First Love Song

Luke Bryan

G D Am (2x)

G D C
Ridin' down the road, listenen' to the radio
G D
you leaned over and you turned it up
G D
You said, "Baby this is it,
C
the one I wanted you to hear
G D
Don't it sound just like us?"

Am C
Up 'til then, all I'd ever listened to
C
was a little Sweet Home, Tuesday's Gone,
D
and Workin' Man blues

G D Am
R: This is my first love song
C D
First time I felt the words, first time I sang along
G D Am
Whenever it comes on,
C D
I just think of you and everything you do
C Am
You're my one, my from now on
G D Am
My first love song

G D
Baby I'm not who I was
C G
You gave me your love and it woke me up
D G D
and made me more aware of somethin deep inside
C G D
Something that I have, a life I wanna share
Am C
And I'll rememebr this as long as I live
Am C D
Every note, every word, every single kiss
