

Mind Of A Country Boy

Luke Bryan

Is the trickle charger hooked up to the boat?
Is the pattern right on my turkey choke?
Are them Appaloosa cats gonna bite?
If they do, are we fryin' 'em tonight?

Is the price of corn gonna turn around?
Is diesel cheaper two exits down?
Are we drinking beer at the bar
Or shooting whiskey down on the farm?

Does she like old-school Alabama or Mamas Don't Let Your Babies?
Is it farmers' market roses or a handful of dirt road daisies?
Ooh-ooh, are them stars lined up just right
Ooh-ooh, for stealing me a kiss tonight?
That's what weighs on
That's what stays on
The mind of a country boy

Do I sell my truck or do I trade it in?
Is it a muck boot night or my gator skins?
A honky tonk or the river bend?
This back and forth don't ever end

Is it a trout line tied to a boat dock or a cane pole on a breem bed?
Is it a humpback 12 or my Daddy's ol' 20? Has my best bird dog been f
ed?
Ooh-ooh, I'm loving this life I live
Ooh-ooh, it damn sure don't get better than this
That's what weighs on
That's what stays on
The mind of a country boy

Ooh-ooh, is Daddy ever gonna slow down?
Ooh-ooh, there he is, calling me right now

Does she like old-school Alabama or Mamas Don't Let Your Babies?
Is it farmers' market roses or a handful of dirt road daisies?
Ooh-ooh, are them stars lined up just right
Ooh-ooh, for stealing me a kiss tonight?
That's what I was raised on
That's what weighs on
That's what stays on
The mind of a country boy

The mind of a country boy
The mind of a country boy
The mind of a country boy
The good ol' mind of a country boy
