

# Attention

Luke Christopher

You gotta nice demeanor  
It's really nice to meet ya  
I love your little sexy features  
It's really nice to be here  
But she don't want my money  
She don't want my cars  
I guess she wants my attention  
I guess she wants my attention  
I guess she wants my att-uh-uh

Uh-uh, don't nobody 'uh-uh' to me  
This the nigga that your man can only wish to be  
If you give it to me baby, I could spit for free  
But this that nigga needs a little ethnicity  
Yo, half-white, half-black, give me Lebanese  
I know your daddy home, baby you a tease  
It's all good, this the sound from the hood  
Bless motherfuckers like a David Bowie would  
But your track's so simple  
I figure I'd give money to the world, through the clouds  
Tell me what was money meant for  
If music was a woman, I would be a  
You think a nigga pushing?  
I'm riding in the wind tow  
I'm broasted, sending checks from the same damn phone still  
Cause if they tryna change a nigga, then it's no deal  
Cause I gotta keep it real  
Yo I really need a lady that could feel

You gotta nice demeanor  
It's really nice to meet ya  
I love your little sexy features

And girl you wrong if you think I wanna get it on  
And think I'm thinking bout you naked while singin' this song  
But then again, if you think I wanna get it in  
Then you righter then the last fuckin' president  
Oh, silent  
Tell your girl it's time to go to college  
Business man, I'm getting brain like flat mileage  
Coming out a problem and you wanna head start  
Well that's easy  
Bitches where them wild things are  
Here I go again  
Chicks before dicks  
Yeah you right, so bring a friend  
Me and the brunette with the lips  
She's a ten, like a fly dunk  
I have to scream it like it's already been nine once

You gotta nice demeanor
