

# California Dreams

Luke Christopher

It's too smooth  
The energy's perfection  
The palm trees swing in my direction  
We gotta skate or we gon' be late  
Fuck it, we gon' bring the party with us anyway  
Warren G, I gotta regulate  
Gotta say, in my city, there's too many fakes  
We let 'em imitate  
It ain't what they say, I see it in their face  
The sunshine ain't for everyone  
Why you think you need to run?  
Why you think you need to change?  
I ain't gonna judge you babe  
Do your thing

Why you steady California dreamin'  
I know you wanna be a star  
You wanna be that, you wanna be that  
You wanna be famous for no reason  
Just never change who you are  
She wanna be  
(Ooh-wee)

Yeah, look, I just gotta say  
Look, I just gotta say  
You ain't gotta change for me  
Too many people fake  
And they scared to show their face  
It's getting hella boring  
'Cause everyone's the same  
I know you feel the same  
Why, oh why must you be part of it  
Just too hard to quit

Why you steady California dreamin'  
I know you wanna be a star  
You wanna be that, you wanna be that  
You wanna be famous for no reason  
Just never change who you are  
She wanna be  
(Ooh-wee)

Yeah, don't flex, it's not cool  
I saw you staring from across the room  
I'm tryna see what's inside of you  
Ain't gotta be perfect 'cause it's not the truth  
Like don't flex, it's not cool  
I saw you moving from across the room  
I'm tryna see what's inside of you  
Ain't gotta be perfect 'cause it's not the truth

And uh, ooh woah  
Think I'm seeing stars when I'm with you tonight  
We could see the ocean, get our stars in line  
Too far gone  
Ain't no coming back  
Gotta get used to that (Ooh-wee)

Steady California dreamin'  
I know you wanna be a star  
You wanna be that, you wanna be that  
You wanna be famous for no reason  
Just never change who you are  
She wanna be  
(Ooh-wee)
