

CAN'T LET GO

Luke Christopher

It's been a long night for me, there's only so much I can take
I'm the one who's gotta pay, yeah, yeah
Goes for me with no reason, this ain't somethin' I can say
Must be somethin' I can say, yeah
Yeah, the person that I knew is special
Someone I don't know
And the sky be so confused, I let go
Of all of my concerns

And no matter what I do, I can't let go
I can't let go, I can't let...
No matter what I do, I can't let go
I can't let go, I won't let go, ooh
I won't let go, ooh

Yeah, that [?] has changed yesterday
We made it to finish, I don't wanna miss you
That has changed yesterday
We made it to finish, I don't wanna miss you

Shoulda falling off my feet, I'm hoping you see
I'm walking with your friends, stay walking with me
I hope it's just a fallout, one day I'ma call ya
You won't be like, "Never fucking miss you, babe"
"Yeah, I miss you, babe", I hope that's what you say
If it's not, then god damn, I'm the one to blame
I miss you, babe, yeah, that's what I said
I'm so damn ashamed, all I have to say

No matter what I do, I can't let go
I can't let go, I can't let...
No matter what I do, I can't let go
I can't let go, I can't let go, ooh
I won't let go, ooh
I won't let...
