

# DO I

Luke Christopher

Do I still pop up in your memories from time to time?  
Cause I'd be lying if I said you didn't run my mind  
Do you think that we've still got a place?  
Cause girl without you I'm wasting my time  
Thinking bout you

Life's too short  
Don't tell me why  
I left you at first  
Was I that blind?  
To do it all again  
I'd give you a life  
Am I too late?  
Don't tell me I've fucked it all up  
In one shot  
That's too much  
I wonder if you're up  
Been thinking too much

I still think of it  
Swear that whole fucking summer was lit  
Do you still go back there?  
Do you even care?  
Are you even aware?

Do I still pop up in your memories from time to time?  
Cause I'd be lying if I said you didn't run my mind  
Do you think that we've still got a place?  
Cause girl without you I'm wasting my time  
Thinking bout you

Was I that blind?  
To do it all again  
I'd give you a life  
Am I too late?  
Don't tell me I've fucked it all up  
In one sweep  
That's too much  
I wonder if you're up  
Been thinking too much

I still think of it

Do you still go back there?
