

Dream Catcher

Luke Christopher

Dreamcatcher on the wall
Somebody to get you out them nightmares
If you need me, I'll be right here
Dreamcatcher, catch your falls
When your dreams ain't comin' true
I'd like to fly with you

California wasn't the right place, yeah
To hang your hat
Is that really too much cap
And when rush hour's rushing
And you're running 'cross the city for auditions
You know who to call, babe, aye
Telling you to stop, baby
It's obvious to me
And for reasons unknown to me
You always look for the [?]
And I believe in you, let me be your

Best friend, love, conversations on a park bench
I never thought that we would get this far
'Member back in high school, used to play those parts
Friends without benefits, we were so innocent, still
Every party, I would give you the eye
You'd look away, I'd be like when the hell did she get shy
I guess I was just clueless, like am I finna do this
I need you in my life, shit I was worried I would ruin it for good
But you my love, love, you my soul [?]
And you know what I'm singing to you, even with the wrong words
And every time I hit you up, I never need the long words
'Cause I'm really saying is

Let me be your dreamcatcher on the wall (Oh, baby)
Somebody to get you out them nightmares
If you need me, I'll be right here
Dreamcatcher, catch your falls (Oh, baby)
When your dreams ain't comin' true
I'd like to fly with you

You ain't gotta call me daily
But you gotta call me baby (Oh, baby)
Everything I've done for you, lady
Everything I've done for you, lady
You ain't gotta call me daily
But you gotta call me baby (Oh, baby)
All the things I've done for you, lady
Everything I've done for you

Let me be your dreamcatcher on the wall (Oh, baby)
Somebody to get you out them nightmares
If you need me, I'll be right here
Dreamcatcher, catch your falls (Oh, baby)
When your dreams ain't comin' true
I'd like to fly with you
