All my niggas think that you down for whatever

Looking for a man that can treat you better
Well how about me, I can take you on a trip know that about me
Have you living in a dream I swear
I got everything you need, I got everything you want in a man
Baby let me be that nigga

Stumbling over my feet, singing with you girl but I need you all
one
I ain't trying to compete especially when I'm drinking and all
in the zone plus I never play fair
Specially when they look like you, funny thing girl they never
really do they never really do
Probably why I'm tripping what that your third round

I got everything you need I got everything you want in a man
Baby let me be that nigga

Drunk As Fuck trying to figure you out
You know the neighbor sleeping next door but we still be allow?
You know my homies hit the floor like player mays secret tilt?
We started kissing for a minute then she slit on down
Stumping over my feet, nigga looking for a rubber
No I got one somewhere, feel to easy to beat
Started to have mix feeling and my mind all unclear
Why does I feel like she's mine now
Why I feel like she's mine now. She's mine now
Drunk as fuck, I'm loosing my damn mind now

Drunk as Fuck I'm loosing my damn mind now [x2]
She's mine now
Drunk as Fuck I'm loosing my damn mind now [x4]
Loosing my damn mind now
