

# Juliet

Luke Christopher

Yeah, you know how it is  
Yeah uh uh uh

Hey Juliet, what's on your mind  
Know it's awkward that I'm reaching out  
But I think it's been some time  
Sorry, if it's been too long  
I don't mean to hit rewind  
I've just been travelling a lot  
I don't know what I'm tryna find  
I found a cafe in Jamaica  
Where a woman sings the blues  
Changed my life forever  
Now I'm singing with the tune  
Nigga I hope you find that  
Wait nevermind that  
There I go again  
You didn't wanna be just friends  
Said we would never speak again  
Ok alright  
As the rain falls off my window on this elegant night  
I just sit and reminisce  
I hope your momma's doing fine  
Does she hate me like you?  
Should I have died inside for both of y'all  
Would that have been cool?  
Cause I know part of what makes me love you  
Is part of what makes me hate you  
And part of me [?]  
You can take a bow  
Make 'em proud  
Call me every name in the book  
Can I tell my people, how it tastes when cook?

Juliet, we're no good for eachother  
We can't let this take us both down  
If we keep loving, we are hurting ourselves  
You can find your Romeo in somebody else  
Juliet, we're no good for eachother  
We can't let this take us both down  
If we keep loving, we are hurting ourselves  
You can find your Romeo in somebody else

You say you love me but that is Capulet  
You just love the thought of me  
And your father thinks I act a mess  
You just love the honeymoon period  
So we'll never have a honeymoon  
Period

We never crawled through the dirt  
We never stood the test of time  
We never fought through the hurt  
I never knew what's on your mind  
And you couldn't figure mine out  
Worlds were just too far apart  
It's more than just a timeout

Someone's bout to break a heart

Juliet, we're no good for eachother  
We can't let this take us both down  
If we keep loving, we are hurting ourselves  
You can find your Romeo in somebody else  
Juliet, we're no good for eachother  
We can't let this take us both down  
If we keep loving, we are hurting ourselves  
You can find your Romeo in somebody else
