

## JUST WATCH

Luke Christopher

Yeah, lookin' in the mirror gettin' startstruck  
Flirtin' with the cougars at the Starbucks  
Some niggas born with it I don't know  
Some niggas need a little stardust  
Imma cop a Bentley check the car for us  
White girl grew up in the hard knocks  
Everything connected hit the pussy make the heart stop  
Toodles to these niggas still pretendin' that this all us  
I came here with Barbara  
Then I left for Carla  
Say 'You shouldn't do it'  
I say 'Fuck it, take the karma'  
Eatin' 'fore we sleepin' so we fuckin' in the mornin'  
She callin' me "asshole"  
Bitch I'm just a poser

Just watch, it's gettin' hard not to fuck with us  
Nigga just watch, you ain't never gettin' bust with us  
Nigga just watch, nigga, it's gettin' hard not to fuck with us  
Nigga just wa- even niggas got love for us nigga j-

I get titties in them DM's everyday of the week  
I don't ever talk shit, I just say what I see  
Spend a decade in the basement, I was playin' with beats  
So that when I can finally pay, I would get it for free  
Spend a day with me, fuck on top of the sheets  
Got a couple mink rugs hope they soft on your knees  
If we walkin' in baby, you ain't walkin' with me  
But she'd still swallow, 'cause she wanna be a part of the team  
You like I [?] the beat I laughed so hard that I fucked  
We busy fuckin' the world, they bussy callin' it on  
If you gon' put that shit together, we gon' tear it apart  
And my girl got a twin, get them both of them cars

And just watch, it's gettin' hard not to fuck with us  
Nigga just watch, you ain't never gettin' bust with us  
Nigga just watch, nigga, it's gettin' hard not to fuck with us  
Nigga just wa- even niggas got love for us nigga j-
