Life Jackets

Luke Christopher

She was looking at me like can we make this for real?
Boy, I'm ready
I was looking at her like baby this is the deal
Don't you get it, don't you get it?
She said I don't get in no boat with no life jackets
I don't get in no boat with no life jackets
I don't get in no boat with no life jackets
With no life jackets
Whoaa love ain't gonna save you, baby
Love ain't gonna save you
If anything it will break down and I'm not gonna watch you drown
So love ain't gonna save you, baby
Love is only gonna make you drown

She said: "Nigga, fuck that, this ain't no fucking boat
Dont give me all those lines that you've been giving to your hoes
And your ex-girl heard it too, no doubt
Next girl heard it too, no doubt
All your lines is so played out
Nigga, all your lines is so played out"
Got my number, we went out
All the feelings we let out
Constant conversations in my patience with your ego now
Told me that you need me now
How the fuck suppose to need me now?
Only thing that I can is girl it ain't that easy now
My life's like a train: ain't no stopping in here
All my verses on purpose, you see I write what I feel
Baby, you're just a lover; you need me all to yourself
But a life with a nigga like me is bad for your health

She was looking at me like can we make this for real?
Boy, I'm ready
I was looking at her like baby this is the deal
Don't you get it, don't you get it?
She said I don't get in no boat with no life jackets
I don't get in no boat with no life jackets
I don't get in no boat with no life jackets
With no life jackets
Whoaa love ain't gonna save you, baby
Love ain't gonna save you
If anything it will break down and I'm not gonna watch you drown
So love ain't gonna save you, baby
Love is only gonna make you drown

She said: "Nigaa, fuck that. You just scared to commit
You talking to your boo as if you talking to your bitch
You walking like you do
But talking like you someone else
Can I get a witness? Call up you ex-bitch
Let me see what she got to tell
You fucked that one up to
I bet she was a pro, worked that ass off for you
Now she working the pole
You got any regrets, nigga, or do you not care?"
Telling me I can't be with you unless you're with them as well

She was looking at me like can we make this for real?
Boy, I’m ready
I was looking at her like baby this is the deal
Don’t you get it, don’t you get it?
She said I don’t get in no boat with no life jackets
I don't get in no boat with no life jackets
I don't get in no boat with no life jackets
With no life jackets
Whoaa love ain’t gonna save you, baby
Love ain’t gonna save you
If anything it will break down and I’m not gonna watch you drown
So love ain’t gonna save you, baby
Love is only gonna make you drown
