

Lost

Luke Christopher

So lost
I'm so lost, whoa-oooh-whoa

Yeah, feeling like make-believe
Homie, good luck with that
All of this for you, girl, you better love me back
I should probably write you or somethin'
Baby, I should fight you or somethin'
Maybe you're another girl that likes guys that don't like you for nothing
Colors all black and white food tastes like water
Not used to being the one trying harder
My homies say, "Dawg, save some thoughts for your barber
You gon' be tripping your way down the altar", that's real

Am I cool, but twisted?
I just can't let you push my love aside
I'm a fool, but I'm living
I'm wrapped in your fever, you dance in my mind
What's this game? What's my purpose?
And is there a time or a limit for finding your heart?
Where do I start?
Is there a train ticket I could've changed?
I'm lost and I love it
I can't seem to make any sense of you girls
I'm off, but I love it
How can something so beautiful orbit my mind?

I'm so lost, I'm so lost, I'm so lost, I'm so lost
I'm so lost, I'm so lost, I'm so lost, whoa-oooh-whoa
I'm so-

Notice me, bitch, notice me
I'm sorry these Barbies all over me
I need something real
Girl, your body so sincere
We could be at your house
Now, girl, why are we still here?
Uh, I see them drown in your wave
Walk through the spot, watch the energy change
Two more drinks, here's your tip
I'ma speak with this chick
When I get back, have 'em waiting, ready to sip

Girl, I'm gone, hardly standing
Losing my balance, I'm grabbing the walls
And your love, it's demanding
I'm going savage, I'm way too involved
Won't you show me, baby? Are you holding aces?
You got me feeling like I should be stealing your heart
Where do I start?
No point in hoping or trying to control it
I'm lost and I love it
I can't seem to make any sense of you girls
I'm off, but I love it
How can something so beautiful orbit my mind?

I'm so lost (Where are we?), I'm so lost (Where are we?)

I'm so lost (Where are we?), I'm so lost
I'm so lost (Where are we?), I'm so lost (Where are we?)
I'm so lost (Where are we now?), whoa-ooh-whoa
I'm so-

Where are we? Where are we?
Where are we now?
Ooh, where are we? Where are we?
Whoa-ooh-whoa
