

# Love Drums

Luke Christopher

My heart beats to the sound of your drum  
Can you hear it drumming now?  
Da da dam da da dam

Yeah in the crowd we caught eyes  
[?] butterflies  
Blow smoke into the [?]  
Right now in my mind it's you and I  
I dance [?]  
Stay till the floor is mine  
You close up when love knocks  
I told you that I could be the [?]  
If not then I knock knock  
Have you ever let your head drop in the drop top?  
Every other bitch in there is dissing at the small talk  
I just need a moment, a minute or a lifetime, mmh  
But it don't take much conversation to know, ooh  
That you're one I'm looking for

My heart beats to the sound of your drum  
Can you hear it drumming now?  
My heart beats to the sound of your drum  
Can you hear it drumming now?

The sound of your love drums  
The sound of your love drums  
The sound of your love drums  
My heart drums  
To the sound of your drums

Yeah [?] you get me high  
My problems ain't on my mind, yeah  
Private jets and champagne  
Marijuana ingestion  
Told you it's not a sex thing  
But even if it was would it be so wrong?  
I'm sending you all my songs  
So you can get to know me  
And if it's a song about somebody else  
That's a different story  
Pay no attention to me  
Baby that's just my past  
Those were just moments baby  
Hoping this one might last

My heart beats to the sound of your drum  
Can you hear it drumming now?  
My heart beats to the sound of your drum  
Can you hear it drumming now?

(My heart is beating)  
The sound of your love drums  
(My heart is beating for you  
My heart is beating)  
The sound of your love drums  
(My heart is beating for you  
My heart is beating)

The sound of your love drums  
(My heart is beating for you  
My heart is beating)  
My heart drums  
To the sound of your drums

My heart beats to the sound of your drum  
Can you hear it drumming now?  
My heart beats to the sound of your drum  
Can you hear it drumming now?

The sound of your love drums  
The sound of your love drums  
The sound of your love drums  
My heart drums  
To the sound of your drums

My heart is beating  
My heart is beating for you  
My heart is beating  
My heart is beating for you  
My heart is beating  
My heart is beating for you  
My heart is beating
