

# NOT THE ONE

Luke Christopher

I am not the one to confuse  
Please don't take too long or I promise you'll lose me  
Coming at me sideways  
My way or the highway, I  
If you don't believe in love, please don't hit me up

Mmh, big bust like you Kim Kardashian  
I love to watch you work  
Judging by the way you do that dance  
See that we should make plans, but you know I got to flirt  
A one night stand is so cheap  
I think we could go deeper  
I deserve to know if you're a keeper  
Shit, we could spend the whole day in Ibiza  
I don't need no love, but I want it if it's right  
And I love your body type  
And the way you roll your eyes  
Honestly, I'm not the one  
If you already thinking twice  
If you don't know by now, then babe you're not the one  
Oh, oh

I am not the one to confuse  
Please don't take too long or I promise you'll lose me  
Coming at me sideways  
My way or the highway, I  
If you don't believe in love, please don't hit me up

Gotta keep my head above the water  
And resist all of the temptation  
Wanna play these games no longer  
And I only wanna make 'em [?]  
Keep my head above the water  
And resist all of the temptation  
Wanna play these games no longer  
And I only wanna make 'em [?]

I am not the one to confuse  
Please don't take too long or I promise you'll lose me  
Coming at me sideways  
My way or the highway, I  
If you don't believe in love, please don't hit me up  
I am not the one to confuse  
Please don't take too long or I promise you'll lose me  
Coming at me sideways  
My way or the highway, I  
If you don't believe in love, please don't hit me up
