

Possibilities (The Opening)

Luke Christopher

There's a possibility [x2]
All that I had, was all I'm gon' get
(mhhhh)

I guess it's possible that I never do make it
Lose faith in who I am
Get inferior, start to fake it
But it's possible, I get it
An haters wanna take it
If they strip me of my clothes
Then I'll just stand before you naked
I care but don't obsess
About the way the world recieves me
You think this shit is easy
You niggas try and be me
I'm loyal to my fans
A seeker of the belt
A servant of the music
An enemy to myself
A product of hard work
I'm holding the worlds purse
Sayin': Lady don't you worry
See my arm will never hurt
My inspiration is the people in the front row
An ain't it crazy how they know
How every song goes

So tell me when you hear my heart stop
You're the only one who knows
Tell me when you hear my silence
There's a possibility I wouldn't know

It's definately possible
That I could live forever
As long as I continue to
Predict the stormy weather
I'll bring my damn umbrella
With the polka-dots all over
Have my people joinin' hands
Red rover, red rover
It's all over, we livin' for the future
Progressin' as we should
All while in a drunken stupor
But we ask you clear your conscience
The older generations look at kids
An then pretend like
They don't know what alcohol is
As if we would believe that
They were saints up in College
Experiences had brings a real fucking knowledge
They claimin' that pre-mistake we made
Is always stoppable
It seems they never realize
That anything is possible

So tell me when you hear my heart stop
You're the only one who knows

Tell me when you hear my silence
There's a possibility I wouldn't know

Know that when you leave [x2]
By blood and by me, you walk like a thief
By blood and by me, I fall when you leave
