SmallTown

Luke Christopher

Small town girl and she want to be an actress
Aussie bride was her looks and her mattress
A couple brown pennies and a weird roommate
She want to get involved, want to feel new things
And I said, "Why you do what you do every time a nigga text you?"
(Ahh-yeah)
Yeah, you gon' make me fall for you only if I let you

Said she from a small town and she came here
Looking for a change, said she want to chill
Told her when she come down, she could stay here
I'ma rearrange, I'ma learn to deal

Told that girl, on the streets, getting lost
Hitting up my phone, say you needed to talk
You alone in the world, girl, you bound to grow up
Everybody looking pretty, girl, you need to show up
Are you still in touch with any of your exes?
If you looking for a new life, I'm your exit
I just want to show you things you've never seen
I'm trying to be your dream, only if you let me

Said she from a small town and she came here
Looking for a change, said she want to chill
Told her when she come down, she could stay here
I could rearrange, I'ma learn to deal

Told her that you, you gon' see
You won't ever find another someone like me
You could go to every city and it won't be
You won't ever find another someone like me

Everywhere you look is something new
Something you've never seen
It's time to realize, it ain't always what it seems
The world is much bigger, your skin is much thicker
It's all about who you want to be

Said you from a small town, but you came here
Looking for a change, said you want to chill
I told you, when you come down, you could stay here
I could rearrange, I could learn to deal

Told her that you, you gon' see
You won't ever find another someone like me
You could go to every city and it won't be
You won't ever find another someone like me

Told that girl, you, oh-whoa-ah, ooh
You won't ever find another someone like me
You won't ever find another someone like me
Small town girl and she want to be an actress
