

Upside Down

Luke Christopher

Everything's up
Yeah yeah, yeah yeah

Yeah
Girl do you remember way back when
Said I was a playa that was way back then
Lookin' at you thinkin' 'bout what may happen
You could be with him but he stay actin'
Plus I'm good with the pen I can put you in a song
And you ain't let me here so I know your father home
But all I really need is some time with you alone
And for you to pick it up anytime I hit the phone

I've been standing at the door, 15 minutes
Tryna find the words
Tryna find the words
Usually I don't text a girl (text a girl)
And niggas want bitches, bitches want money
Don't know what to do, I just want you
Usually I'm not in this world (in this world)
Girlies gon' talk but what they gon' do?
What they gon' do?
What they gon' do?
And my niggas gon' talk but what they gon' do?
What they gon' do?
What they gon' do cause

Everything's upside down (don't leave, don't leave)
Everything's upside down (don't leave, don't leave)

Excuse me misses what's your name?
Is that what these niggas usually say?
When they talk to you
You should know I'm not the same
Cause baby I don't play no games

I've been standing at the door, 15 minutes
Tryna find the words
Tryna find the words
Usually I don't text a girl (text a girl)
And niggas want bitches, bitches want money
Don't know what to do, I just want you
Usually I'm not in this world (in this world)
Girlies gon' talk but what they gon' do?
What they gon' do?
What they gon' do?
And my niggas gon' talk but what they gon' do?
What they gon' do?
What they gon' do cause

Everything's upside down (don't leave, don't leave)
Everything's upside down (don't leave, don't leave)
For me, for me
For me, for me
Everything's upside down, down
Everything's upside down, down
